

**NORTHERN SUNRISE
COUNTY**

Notice for Residents who reside on and use Township Road 810 to Highway 744

Due to the lateness of the summer roadwork season, please be advised that the application of oil stabilized gravel for Township Road 810 from Highway 2 to Highway 744 has been delayed until 2018.

The County recognizes that harvest will soon begin and major roadwork of this type will not be scheduled to ensure that we do not interfere with agricultural operations.

Please watch for announcements in 2018 to indicate when the application of oil stabilized gravel will be applied to Township Road 810.

The County apologizes for any inconvenience this delay in anticipated services causes to our residents.
